

Patient Information and Office Policies

Welcome to Our Practice:

Thank you for choosing SquareOne Medical Center as your primary care provider. We are committed to providing you with quality healthcare. In effort to familiarize you with the office, below are the office and financial policies. **Please read it and sign the last page.**

- 1. Phones** - Telephones will be answered during business hours, which are generally Monday through Thursday from 8:00 — 5:00pm and Fridays from 8:00 - 12:00. The office is closed during holidays and emergencies.
- 2. After Hours Emergencies** - If a problem arises during a time when the office is closed, call the office number, and the answering service can assist you with scheduling/rescheduling appointments. If you feel that you are experiencing a life-threatening emergency, we ask that you call 911 or go promptly to an Emergency Department for immediate evaluation. Otherwise, if you have urgent questions for the office please call 918-500-3726, if you reach the voicemail please leave a message and your call will be returned in a timely manner. Please remember that prescription refills are not considered emergencies and will NOT be done after hours.
- 3. Prescriptions** — For refill requests please contact your pharmacy. A refill request will be handled by this practice within 24 business hours after the request is received by the pharmacy. If it is approved by the physician, the pharmacy will be notified. Please note that certain prescriptions require follow-up visits and tests prior to re-prescribing. You will be notified within 24 hours and asked to schedule an appointment. Refills will not be called in after hours or on weekends, so please allow time for this and call your pharmacy prior to running out of your medication.
- 4. Record Release** - - It takes our office at least 10 business days to process record requests. We must have a valid record release consent signed by you in order to process this request. No records or patient information will be sent via email.
- 5. Forms Completed by the Office** - Our office charges a minimum of \$25.00 for the completion of forms. This amount may be more, depending upon how many pages or how complex the forms are to complete. These charges will be your responsibility and will be billed directly to you, not the insurance company. Physical forms will be completed as a courtesy during the visit if the patient provides the form at the time of the visit. A minimum of 10 business is necessary for completion of forms. It will be at the offices discretion on a case-by-case basis to complete Disability/SSI/FMLA paperwork.

6. Insurance and Payment Policies:

- **Proof of Insurance:** We ask that you present your insurance card to us at every visit. If you fail to provide us with the correct insurance information at each visit, you may incur charges related to your visit.
- **Insurance Participation:** If you are not insured by a plan we are contracted with, payment in full is expected at the time of service. Please ask our office about rates related to sliding scales and private pay.
- **Co-Payments/Co-Insurance:** Your insurance company requires us to collect co-payments/co-insurance at the time of service. Waiver of co-payments/co-insurance may constitute fraud under state and federal law.
- **Non-Covered Services:** Please be aware that some or all of the services you receive may not be covered or not considered necessary by your insurer. It is your responsibility to know what your plan covers. If your plan does not cover any service rendered, you must pay for these services in full.
- **Non-Sufficient Funds or other Bank Related Charges:** Your account will be charged a \$25 fee in addition to all expenses incurred by us for any non-sufficient checks, checks written on closed accounts, or any other fee we incur as a result of a check you write to us.
- **Appointment Cancellations:** We understand that life happens, and unexpected circumstances may arise that could cause you to miss an appointment, in this case we request that you call our office to notify us of the need to cancel and reschedule your appointment. If you are not able to call before missing your appointment, please notify us as soon as possible after your missed appointment. Three or more no shows/late cancellations (less than 24 hours notice) may result in discharge from the practice.
- **Balances:** Regarding balances after visits, a patient may incur a balance due to deductibles, coinsurance or copayments that are required by the insurance company after billing. You may pay your balance by phone, by check through mail or online through your patient portal. You will receive a statement within 30 days after the claim has been paid if there is a remaining balance. We ask that balances be paid in full within 30 days after your statement is sent. If payment arrangements are needed please contact the office directly to make arrangements.
- **Payment for Services:** SquareOne Medical Center is dedicated to providing quality healthcare to our patients even if you are non-insured. If you are non-insured and require payment arrangements or sliding scale rates please notify our office. For sliding scale rates, a most recent pay stub, previous years tax return, letter of disability award, or unemployment allowance letter is required for eligibility verification. Otherwise, all copayments/coinsurance are due at time of service.

I have read and understand the office policies and agree to abide by these guidelines:

Signature of Patient or Responsible Party
